

Samar S, Shawaqfeh

Associate Professor, Plant Production - Horticulture Sciences.

Department of Plant Production and Protection

Faculty of Agriculture

Jerash University- Jerash- Jordan

Mobile: +962-776495330

E-mail: s.shawaqfeh@jpu.edu.jo

Education

- | | | |
|---|--------------------------------------|-----------|
| • Ph.D. Horticulture Science-
Environmental Horticulture | University of Florida- Florida - USA | 2014-2016 |
| • M.Sc. Plant and Soil Sciences | Oklahoma State University- OK- USA | 2007-2008 |
| • B.Sc. Plant Production and
Protection | Jerash University- Jerash- Jordan | 1997-2001 |

Experiences

Professional Experiences

- **Head of Agriculture Sciences Department** (October 2024- Present): Jerash University, College of Agriculture, Department of Plant Production & Protection.
- **Associate professor** (July 2024- Present): Jerash University, College of Agriculture, Department of Plant Production & Protection.
- **Assistant professor** (Nov 2019- July 2024): Jerash University, College of Agriculture, Department of Plant Production & Protection.
- **Agriculture specialist** (Nov 2016- Feb 2016): Hydroponic Green Farming Initiative (HGFI) program, research activities, selection of demonstration sites and hydroponics technologies to be used in greenhouses.
- **Graduate Research Assistant:** University of Florida (2014-2016) responsible for laboratory analysis - field experiments follow ups- and extension services.
- **Teaching Assistant:** University of Florida (August 2014-December 2014).
- **Teacher- Agriculture Sciences:** Jordan Ministry of education, Amman, Jordan (September 2011- January 2013): Teaching high school classes mentoring students through the practical sections and (plant production, mushroom production, environmental resources, and ornamental production.
- **Graduate research assistant** (June 2007 –Dec 2008): Oklahoma State University.

Teaching Activities (Courses)

Teaching undergraduate course including (November 2019- Present):

- Principles in plant productions.
- Plant Physiology.
- Vegetable Production.
- Protected Agriculture.
- Ornamentals production.
- Climate change and sustainable development.
- Ecology and Agriculture science.
- Undergraduate (graduation project).
- plant production practical training.

Training Courses- Workshops- Certificate

- **Workshop: Developing the general framework for the vegetable production farm curriculum - irrigated agriculture Workshop:** Vocational Training Corporation & Wise Zone for Training and consulting. Amman July 24- July 27/2023.
- **Workshop: Determine the professional standards required for specializing in Hydroponics systems:** Vocational Training Corporation & GIZ & Almethaleiah for business development. Amman January 9-12 /2023.
- **Workshop: Developing the general framework for Hydroponics:** Vocational Training Corporation & GIZ & Almethaleiah for business development. Amman January 2-5 /2023.
- **Training Master Trainer (TMT) Certificate:** Hydroponic & Aquaponic. Jordan's Horticulture: A business that matters! October 15/2020 – MAY 2022- NUFFIC Program.
- **IIOE Training Series - Big Data General Level.** Sep 28- Oct 15/ 2020 International Institute of Online Education- UNESCO.
- **Hydroponics Management:** March 2016, extension training on hydroponics management (starting a Successful hydroponics Business) through the University of Florida extension service http://smallfarms.ifas.ufl.edu/calendar/2016_HydroShC_Flyer.pdf .
- **Landscape palm management:** March 2015, University Of Florida, Institute of food and agricultural sciences. Fort Lauderdale Research and Education Center.

Supervising/Co- Graduate students- (MS students)

- ♦ Jerash Governorate farmers level of knowledge and implementation of smart agricultural practices to achieve food security (In Progress-2024).
- ♦ The Impact of Climate Changes on Fruit Set Failure Phenomena on Barhi Palm (In Progress-2024).
- ♦ The Impact of Climate Change on The Production and Sustainability of Lemon Trees in Jerash Governorate. (June-2024)
- ♦ The impact of Smart Agriculture on adapting to climate changes and achieving food security from agricultural engineers' perspectives. (Feb-2024).
- ♦ The Impact of Climate Change on Green Spaces in Irbid City. (Jan-2024).
- ♦ Role of water harvesting and pasture development projects In mitigating climate change in the Badia region .(Aug-2022).
- ♦ The effect of using biochar and compost on different soil properties and on mitigating the climate change impacts: A case study of Mafraq Governorate. (2022).
- ♦ The impact of climate changes on the peeling phenomena of Medjoul Dates “An applied study on Jordan valley region”. (2022).
- ♦ The Impact of Climate Change on Green Spaces in Amman City.(2022).

Awards and Fellowships

- ✓ Dutch Youth Innovation Award: Creating Attractive Opportunity for Livelihood of Youth in Agriculture. funded by the Embassy of the kingdom of the Netherland in Jordan.
- ✓ Graduate PhD student poster competition (Third place) presented by the Annual Conference of American Society of Horticultural Science, New Orleans, LA, August, 2015.
- ✓ Certificate of Outstanding Academic Achievement, University of Florida. 2015.
- ✓ Owen and Vivian Wimberly Scholarship, Oklahoma State University, Stillwater, OK, April, 2008.
- ✓ Jerash University, Undergraduate Excellence Award, 1998- 1999

Grants and Funds:

- ✓ Increasing the resilience of both displaced persons and host communities to climate change related water challenges in Jordan and Lebanon” sponsored by the Adaptation Fund of the United Nation Framework Convention on Climate Change (UNFCCC), and implemented by UN-Habitat.

Professional Societies:

- Jordan Society for Scientific Research, Entrepreneurship, and Creativity.
- American Society of Horticultural Science, member since January, 2014.

- Jordan Agricultural Engineering Association, member since July, 2001.

Conferences

- 1) The Second International Conference on Climate Change and Sustainability (SICCCS-(November 2023). Mutah University, Al- Karak- Jordan
- 2) The Eleventh Conference on Scientific Research in Jordan. Jordan Society for Scientific Research and Entrepreneurship and Creativity. Al- Ahliyya Amman University. **November 2023.**
- 3) 1ST International Conference on Asian Studies(ICAS23), Jerash University, Jordan 2023.
- 4) The 9th Economic Conference Titled "Jordan's role in the fertilizer industry and its development: opportunities and challenges" Petra University **8/19/2023**
- 5) Food security in Jordan reality and future vision: Al-Ahliyya Amman University, **December 2022.**
- 6) The National Conference "Mechanisms for Activating the Political Participation of Academies and Educators": Jordan University of Science and Technology, **August 2022.**
- 7) Jordanian Alumni of North America Sixth Annual Forum-Online Education. **2020,**
- 8) 2016, American Society for Horticultural Science (ASHS) annual meeting in Atlanta, Georgia. Poster Title: Salinity Effects on Growth and Root Rot Inhibition in Palms.
- 9) 2015, American Society for Horticultural Science (ASHS) annual meeting in New Orleans, Louisiana. Poster Title: Growth Response of Date Palm (*Phoenix dactylifera*), Royal Palm (*Roystonea regia*), and Washington Palm (*Washingtonia robusta*) to Saline Irrigation Water.
- 10) Fourth Annual South Florida Graduate Student Research Symposium • 14 July 2015, UF/IFAS Ft Lauderdale Research and Education Center. Poster Title: Growth Response of Date Palm (*Phoenix dactylifera*), Royal Palm (*Roystonea regia*), and Washington Palm (*Washingtonia robusta*) to Saline Irrigation Water.
- 11) 2014, American Society for Horticultural Science (ASHS) annual meeting in Orlando, Florida.
- 12) 2009, Soil Science Society of America (SSSA) Annual Meeting in Pittsburgh: Poster title: Drivers in Soil Ecosystem Function: Enzyme Activities and Carbon, Nitrogen, Phosphorus, and Sulfur Contents.
- 13) 2008, The American Society of Agronomy (ASA), Crop Science Society of America (CSSA), and Soil Science Society of America (SSSA) Annual Meetings in Houston: Poster title: "Sulfur Dynamics and Activities of Sulfur-Transforming Enzymes in Prairie Soils".

Publications

Submitted for Publication (Articles):

- ✓ Preferences of the fall armyworm *Spodoptera frugiperda* (J.E. Smith) (Lep., Noctuidae) to different maize cultivars grown in Jordan.
- ✓ Novel ecofriendly management tactics of the fall armyworm *Spodoptera frugiperda* (J.E. Smith) (Lepidoptera: Noctuidae) on maize in Jordan.
- ✓ Investigating the Effect of using Eco-Friendly, Edible Coating Film from Food waste (Whey Protein) on Potato's Quality and Shelf-life Extension.
