

Dima Alkadri

Date of birth: 22/11/1979 | **Nationality:** Jordanian | **Gender:** Female |

Phone number: (+962) 795087974 (Mobile) | **Email address:**

d.alqaderi@jpu.edu.jo |

Address: Department of Nutrition and Food Science, Faculty of Agriculture, Jerash University, Jerash, Jordan (Work)

● ABOUT ME

Assistant Professor -Department of Nutrition and Food Science, Faculty of Agriculture, Jerash University, Jerash, Jordan

● WORK EXPERIENCE

10/10/2023 – CURRENT Jerash, Jordan

ASSISTANT PROFESSOR AND RESEARCHER JERASH UNIVERSITY

Academic Staff and researcher at department of Nutrition and Foof Sciences, Faculty of Agriculture at Jerash University

ORCID number: <https://orcid.org/my-orcid?orcid=0009-0002-5028-506X>

SCOPUS ID: 53983623400

Research Interests:

- Mycotoxins in Food
- Food Safety
- Psychology health
- Nutrition biochemistry

01/02/2014 – 31/12/2014 Bologna, Italy

POSTDOCTORAL WORKING EXPERIENCES DEPARTEMENT OF AGRICULTURAL SCIENCES-UNIVERSITY OF BOLOGNA

My research was : Supporto ad analisi micologiche ,biologiche ed immunoenzimatiche in seme di cereali.
This research was financed by the European Union and the Italian government

15/03/2013 – 31/12/2013 Bologna, Italy

POSTDOCTORAL FELLOWSHIP INSTITUTE OF ADVANCED STUDI- UNIVERSITY OF BOLOGNA

My research was (Strategies to contain the mycotoxin producer agents of Fusarium headblight in cereals):

Characterization of toxigenic Fungi and their mycotoxins in plants and food commodities

Setting up greenhouse and field trials to assess the pathogenicity of Fusarium strains on durum wheat

Use of natural and biological antagonists against Fusarium headblight agents on wheat

Molecular techniques (PCR), analytical techniques (ELISA,HPLC,LC/MS-MS), spectrophotometer and other facilities

05/11/2012 – 05/03/2013 Bologna, Italy

POSTDOCTORAL WORKING EXPERIENCES DEPARTEMENT OF AGRICULTURAL SCIENCES
UNIVERSITY OF BOLOGNA, VIALE FANIN 40

My research Project was:

Supporto alla caratterizzazione di ceppi fungini siriani associati alla Fusariosi della spiga per i parametri micotossine patogenicità.

This project was financed by the European Union

2012 – 2013

PROFESSOR ASSISTANT DEPARTEMENT OF AGRICULTURAL SCIENCES- UNIVERSITY OF BOLOGNA

15/04/2012 – 15/08/2012 Bologna

POSTDOCTORAL WORKING EXPERIENCES DEPARTEMENT OF AGRICULTURAL SCIENCES, VIALE FANIN-40

My research project was:

supporto allo studio di selezioni/o cultivar di frumento di provenienza siriana nei confronti degli agenti della fusariosi della spiga.

This project was financed by the European Union

2011 – 2012 Bologna, Italy

PROFESSOR ASSISTANT DEPARTEMENT OF AGRICULTURAL SCIENCES UNIVERSITY OF BOLOGNA

03/2010 – 12/2010 Bologna, Italy

ERASMUS TUTOR FACULTY OF AGRICULTURE-BOLOGNA UNIVERSITY

Tutor in the Faculty of Agriculture-University of Bologna for the exchange students in ERASMUS program between Bologna University and other European's universities

Responsible of:

- Answering the questions for the exchange students
- Supporting the students in filling up all their paper works concerning the program

Address Viale Fanin, 42 Bologna, 40100, Bologna, Italy

09/2002 – 04/2009 Damascus, Syria

LECTURER DEPARTMENT OF FOOD SCIENCE-DAMASCUS UNIVERSITY

In the department of Food Science- Faculty of Agricultural Engineering- Damascus University

I taught the students parts of different courses: Biochemistry, Organic chemistry, Food processing and Food spoilage.

The lectures concerned in:

- Conducting the experiments
- Safety work procedures in the Lab
- Detection of different components in the food and feed (Proteins, fat,...,etc.) by using different techniques
- Isolation and characterization of microorganisms from different food and feed
- Different methods of food processing

Address Barzah-Al Adawi highway, Damascus, Syria

EDUCATION AND TRAINING

1993 – 1996 Damascus, Syria

BACCALAUREATE (HIGH SECONDARY SCHOOL) Ghassan Abboud Secondary School

Student

Field of study Scientific branch | **National classification** magna cum laude

1997 – 2002 Damascus, Syria

AGRICULTURAL ENGINEERING-FOOD SCIENCE Department of Food Science-Faculty of Agricultural Engineering- University of Damascus

Basic and applied sciences related to food science Title of the thesis "Estimation of carbohydrates in Syrian raisins and molasses using

Field of study Food Science-Agriculture | **National classification** magna cum laude- Rank 1st

01/09/2001 – 29/10/2001 Giessen, Germany

TRAINEE Institute of Animal Breeding and Genetics-Faculty of Agricultural Science-Justus Liebig University

- Involvement in research programs considering behavior and keeping of piglets and rabbits
- Analysis of vocalization of rabbit pups using different statistical programs and statistical procedures like multiple Student-NewmanKeuls test
- Participate in experiments with sows and piglets using Observer/Video Tape Analysis System (Infrared Camera) for evaluation of behavioral parameters in farm animals

Field of study Agriculture and Veterinary Medicine

19/08/2002 – 21/10/2002 Giessen, Germany

TRAINEE Faculty of Veterinary Medicine-University of Justus Liebig

- Analyses and methods related to field of milk hygiene

- Cytological analysis of cow's milk for somatic cells (Coulter Counter, microscopic determination)
- Bacteriological analyses and differentiation of pathogenic bacteria as *Streptococci*, *Staphylococci*

Field of study Agriculture and veterinary Medicine

01/01/2007 – 01/01/2009 Damascus, Syria

MASTER IN AGRICULTURAL ENGINEERING- FOOD SCIENCE Faculty of Agricultural Engineering-Damascus University

Title of the thesis "Studying the effect of processing and storage of the processed cheese on the levels of some mycotoxins"

My research activity included:

- Survey of the existence of aflatoxins in processed cheese samples from different Syrian local markets
- Isolation and morphological identification of fungi from cheddar and fresh cheese incubated at two different temperatures (4 and 25°C)
- Determination of B1, B2, G1, G2, M1, M2 aflatoxin levels by HPLC in:
 - 1) *Aspergillus flavus* strain isolated form cheddar and fresh cheese
 - 2) Cheddar and fresh cheese samples inoculated with isolated *Aspergillus flavus* strain
 - 3) The main component of processed cheese (inoculated cheese, butter, dry milk)
 - 4) Processed cheese samples submitted at different treatmentsHPLC and Flurometer with immunoaffinity columns techniques were used

National classification Excellent

01/01/2009 – 10/04/2012 Bologna, Italy

EUROPEAN PHD IN FOOD SAFETY Faculty of Agriculture- University of Bologna

Title of the thesis " *Fusarium* species responsible for mycotoxin production in wheat crop: involvement in food safety "

My research activity included:

- Mycoflora isolated from wheat kernels and characterization of *Fusarium species* from kernels of two Mediterranean countries, Syria and Italy
 - Screening and quantification of mycotoxin produced by Syrian *Fusarium species*
 - Detection of mycotoxins in Syrian and Italian wheat kernel
 - Comparison of the aggressiveness between Syrian and Italian *Fusarium culmorum* strains
 - Validation of a modified Petri-dish test to quantify aggressiveness levels of *Fusarium culmorum* in durum wheat
 - Behavior of Syrian durum wheat cultivars in field and growth chamber tests
- Using:
- Molecular techniques (PCR), analytical techniques (ELISA, HPLC, LC/MS-MS), Spectrophotometer

Field of study Agroenvironmental Science and technology

01/02/2011 – 20/05/2011 Valencia, Spain

TRAINEE Department of toxicology- faculty of Pharmacy- Valencia University

My research activity included:

- Detection of different mycotoxins in wheat kernels by HPLC-MS-MS technique
- Detection of *Fusarium* mycotoxins secreted on different cultures by HPLC-MS-MS

NETWORKS AND MEMBERSHIPS

Memberships Association of jordanian Agricultural engineers- since 2016

Association of Syrian teachers -since 2002

Association of Syrian engineers- since 2002

HONOURS AND AWARDS

Honours and awards -Awarded PostDoc for one year from the Institute of Advanced Studies (Istituto di Studi Avanzati)ISA in 2013.

-Awarded ERASMUS MUNDUS Scholarship from European Union to study PhD for 3 years.

-Awarded Albasel prize for the academic excellence as first rank in all the 5 years of my first degree study .

ORGANISATIONAL SKILLS

Organisational skills - Good experience in project management.

COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills - Team spirit.

- Good ability to adapt to multicultural environments.
- Good communication skills.

JOB-RELATED SKILLS

Job-related skills

Experience in : food control processes, molecular biology and chemical analysis
